Make Those Wishes Come True

Some kids like to play soccer, football, or T-ball. Others prefer board games, such as Monopoly, chess, or checkers. But there's one game all kids should learn to play: The Savings Game. It's easy to learn and fun, too. There aren't very many rules either. You just have to remember that every time you get some money, you should save some or all of it. Say you get money as a gift or as an allowance. Or you're paid for doing extra chores or you sell toys or books you no longer need. When you do, don't spend it all! Put some of it away to spend another day. You can learn how to save big by practicing your saving skills now!

For Parents:

Teaching kids about money is easy!

April is Financial Literacy Month and the third week, April 17-23, is National Credit Union Youth Week.

Learn about all AllSouth has to offer your youth, from checking and saving accounts to putting money away for their future.

Just For Fun

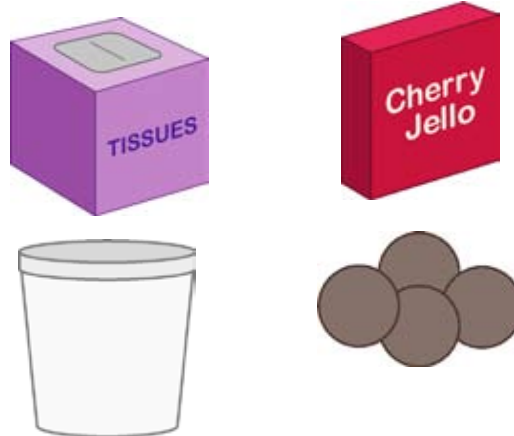

Question: What has 2 legs but can't walk?

Answer: A Pair of Pants

Making A Piggy Bank

What You Will Need:

- * Square Tissue Box
- * Small Jello or Pudding Box
- * Construction Paper
- * Paper Cup
- * Wooden Balls (4)
- * Chenille Stem
- * Arcylic Paints and Markers
- * Scissors and Glue

How To Make:

- * Glue a piece of construction paper over the hole in the tissue box. This side will be the top of the pig.
- * To make the nose, cut the bottom from the paper cup. Glue the cup to the Jello box then glue the Jello box to the tissue box (See Illustration.)
- * To make the pig's feet, glue the wooden balls to the bottom of the tissue box.
- * Paint your pig the color you want it to be. When paint is dry, cut a coin slot in the top of the pig. Curl the chenille stem and glue in place for the tail. Cut out ears and glue to the back of the Jello Box. Cut out two circles for the eyes. Using your markers, detail the nose and eyes. (See illustration.)

Have fun decorating your pig with markers or other ways. And, don't forget to feed your piggy bank!

Starfish Facts

Not all Starfish have 5 arms, some have many more.
